Turnhout Gasthuisstraat
Optie 2

A nighttime photograph of a street in Turnhout, Belgium, decorated with festive light garlands. The garlands feature a central circular wreath-like element flanked by scrolling vine motifs with small white flowers. The street is illuminated by warm streetlights, and a red and white 'no entry' sign is visible on the right. A white van and a person on a bicycle are in the foreground. The sky is a deep twilight blue.
